**A NEW HIT MUSICAL**

Featuring the hits of the iconic ska band Madness and with a script by Tim Firth (Calendar Girls), this heart-warming coming of age story explores the themes of love, family, responsibility and how we deal with losing the people that shape us.

When an ill-conceived date lands London lad Joe Casey face to face with the police he faces a tough decision: to run or give himself up.

As the story splits in two we follow the fortunes and misadventures of Good Joe who gives himself up to the police, and Bad Joe who runs away - begging the question do our choices make us or do they break us?
